Check Cashing Business Prohibited

Under the Midvale Municipal Code, check cashing and deferred deposit loans have been defined as:

“Check cashing” means cashing a check for consideration or extending a deferred deposit loan and shall include any other similar types of businesses licensed by the state pursuant to the Check Cashing Registration Act. The term “check cashing” shall not include fully automated stand-alone services located inside of an existing building, so long as the automated service incorporates no signage in the windows or outside of the building. (Midvale Code 17-2-3)

“Deferred deposit loan” means a transaction where:

- A. A person presents to a check cashing business a check written on that person’s account; and
- B. The check cashing business:
 - 1. Provides the maker an amount of money that is equal to the face value of the check less any fee or interest charged for the transaction; and
 - 2. Agrees not to cash the check until a specific date. (Midvale Code 17-2-4)

I, _____, being duly sworn, depose and say that I am the owner of _____ business to be located at _____ in Midvale, Utah. This affidavit verifies that the above business does *not* and will *not* include check cashing services, extending deferred deposit loan, or similar types of service as those defined above and as included in the Check Cashing Registration Act (Utah Code Title 7, Chapter 23).
